### Item specifics

Item Number: 130820229717  
Vintage: Collectable/ Vintage  
Sub-Type: Fountain Pens

Type: Antique fountain pen  
Brand: Simplo Mont Blanc

I bought this pen, which was included in a 'lot' of 1930's German cameras, from a dealer in Budapest about 20 years ago. I took it simply because i liked it, and it was unusual. A few years ago I showed it to a couple of dealers who told me the silverware was in the form of 'overlays' , simply a jeweller would have custom made this pen from an original Simplo, or Mont Blanc Pen. I am also told that the nib is unlikely to be original, but that would not be unusual for a pen of this age. What the jeweller has created is a quite special pen, unique and therefore highly desirable and collectable. It has the form of two 'geckos or lizards' on the body of the pen. The top has engraved on it the words 'SIMPLO ORIGINAL MONT BLANC PATENT' I am told it probably orginates from the 1920's or 1930's.

The nib looks well worn and it is difficult to read the engraving, but looks to read 'MONT EVEREST' It clearly has been used in the past, and shows sign of wear. I tried to fill it about 10 years ago and it did leak, and was advised not to try it again, as the pen would need some level of refurbishment if it was to be the fine writing instrument it was meant to be. The crown and piston appear to operate correctly. No paperwork, no box, it is what you see, this very unusual and unique pen.

I am sure all of this makes more sense to you specialists out there.

I will despatch with 24 hours of receipt of cleared payment. I am happy to send international, but all customs and other fees will be the responsibility of the buyer

Thanks for looking
